

# PRATHAM SAHANI

Content Writer Intern. (GFG)

prathams0368@gmail.com | +91-9826459320 | 310, AGAR ROAD, UJJAIN (MP)

**Portfolio | LinkedIn | Blog | LeetCode | GitHub**

## EDUCATION

### VIT Bhopal University

B.Tech in ECE (specialization in AI And Cybernetics)

GPA: 8.33(6th semster)

Bhopal (MP), India

July 2020 - Jun 2024

### Govt. School of Excellence

Class XII (PCM)

Percentage: 93.4%

Ujjain (MP), India

July 2019 - July 2020

## EXPERIENCE

### GeeksforGeeks | Technical Content Writer

Remote | Nov. 2022 - March 2023

- I have actively shared programming knowledge and authored articles on advanced topics in **PHP**, **HTML**, **CSS**, and **Data Structures and Algorithms (DSA)**.
- I have published more than **30 articles** on the **GeeksforGeeks** platform covering various technologies.
- As a result of successfully publishing over **10 articles** in these areas, I was awarded an **Internship Certificate**, recognizing my proficiency in these programming domains.

## SKILLS

Programming Languages: Java, Python, MySql, Html, Css , Jinja2

Libraries/Frameworks: Django, Flask, Bootstrap, Figma,

Tools / Platforms: VS Studio , Windows, Github, Android Studio, Postman

## PROJECTS / OPEN-SOURCE

### Recipes App with Login Authentication | Link

Python , Django, DRF, Html, Bootstrap

- Developed a Recipe app featuring dynamic buttons for convenient recipe management, allowing users to **add**, **delete**, and **update** recipes easily.
- Implemented a robust **authentication system**, including **user registration** and **login**.
- The project's primary objective was to highlight the importance and capabilities of **authentication in Django**, showcasing its power and versatility in web application development.

### Resume Uploader Application | Link

Python, Django, DRF, , Html, Bootstrap

- In this project, I developed an **HTML form** for creating **resumes for job applications**.
- To enable these functionalities, I designed a dedicated table that simplifies **data manipulation using Jinja templates within the HTML framework**.
- This project provided me with a comprehensive understanding of **basic backend functionality in Django**.

## HONORS & AWARDS

- Secured **1st rank** in Higher Secondary 12th Class at **Govt. School** and received a 100% scholarship at Vit Bhopal .
- Achieved a **2-Star Rating at CodeChef** and actively participated in over **15 live contests**.
- Participated in more than **30 live contests on LeetCode**, securing a position in the top 50% of LeetCode users, with notable achievements.
- Attained the highest possible **rating of 1501 in LeetCode's weekly contest 364**.
- Demonstrated proficiency by solving over 400 coding problems across various platforms including **LeetCode, GeeksforGeeks, CodeChef, HackerRank ,and Coding Ninja**.
- Contributed significantly to the programming community by successfully publishing over 35 articles on **GeeksforGeeks**, covering a wide range of technologies and topics.
